For the Cure of COUGHS, COLDS, HOARSENESS, BRON-CHITIS, CROUP, ASTH-MA, WHOOPING-COUGH AND CONSUMPTION.

The uniform success which has attended the use of this preparation—its salutary effect—its power to relieve and cure affections of the Lungs, have gained for it a celebrity equaled by no other medicine. We offer it to the afflicted with entire confidence in its virtues, and the full belief that it will subdue and remove the severest attacks of diseases upon the throat and lungs. As these results become public, they naturally attract the attention of medical men and philanthropists everywhere. What is their opinion of Cherry Pectoral, may be seen below.

VALENTINE MOTT, M D, Prof. Surgery

but for the information of others in like affliction.

A slight cold upon the lungs, neglected at first, became so severe that spitting of blood, a visient cough, and profuse night sweats followed and fastened on me. I became emaciated, could not sleep, was distressed by my cough, and a pain through my chest, and in short had all the alarming symptoms of quick consumption. No medicine seemed at all to reach my case, until I providentially tried your Cherry Pectorial, which soon relieved and now has cared me.

Yours with respect, E. A. STEWART.

From a letter dated ALBANT, N. Y., April 17, 1848. Dr. Ayer, Lowell—Bear Sir ! I was afflicted by Asthroan the worst form, so that I have been obliged to sleep in sy chair for a larger part of the time, being unable to reathe on my bed. I had tried a great many medicines breathe on my bed. I had tried a great many mentions to me purpose, until my physician prescribed, as an experiment, your Cherry Pectoral. At first it seemed to make me worse, but in less than a week I began to experiment the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy. GEO. 8. FARRANT.
